

BPU2

'A' frame payoff unit.

A simple to use cable payoff system consisting of two 'A' frames with a centre axle.

A budget priced quality built product suitable for most cable installations.

This unit allows for multiple drums to be paid out at the same time.

A long working life can be expected due to all welded construction.

Vehicle storage room needed is minimal.

Maximum drum diameter: 800mm.

900mm useable axle width between the two 'A' frames.

Minimum cable drum centre hole: 27mm diameter.

Dimensions:

Width	575mm
Height	500mm
Weight	5.5kg

Safety yellow powdercoated finish.

Maximum loading: 100kg.
